ABOUT ME

I am a young **Front-End Developer** passionate about programming.

Thanks to the solid training I received at EPICODE through a 500+ hour front-end programming bootcamp, I have gained proficiency in HTML, CSS, SASS, JavaScript, React, TypeScript, and much more.
All of this, combined with my past experiences, has helped shape my creative and organizational skills.

EDUCATION

EPICODE — 2023-2024
Front-End Developer

ITNS F.CARACCIOLO — 2006-2011
Maritime Transport Expert Diploma

SKILLS

FRONTEND:

HTML, CSS, JavaScript, TypeScript, Sass, Responsive Design, Bootstrap, MaterialUI, Tailwind, React.js, Redux, Zustand

TOOLS && LIBRARIES:

npm, JSON Server, emailjs, GS, Vite

TESTING

Jest, Cypress

BACKEND && SERVICES

Node.js, Express, Mongodb - Supabase

INTEGRATIONS:

Payment gateways, Channel manager systems

HOBBIES

MUSICIAN:
- Bass, Double Bass, Guitar & Ukulele

ASSISTANT BASKETBALL COACH:
- At an amateur level, for kids between 8yo and 18yo

PROJECTS

FPCOMPUTER:

Multi-page web app for a computer assistance and hardware store, built with React, Bootstrap, and Redux. Features multilingual support, product browsing, IT consultancy, and contact via email/WhatsApp for remote support. Designed to offer a smooth user experience for both individuals and businesses.

ANDREA PUGLIESE COCINA:

Multi-page multilingual web app for a renowned chef, built with React, Bootstrap, and Redux. Showcases dishes, events, and cooking classes, with email/WhatsApp contact for distinctive user interaction across regions.

IN DEVELOPMENT:

Bar del Castello - La Conchiglia - Antica Gelateria del Corso

Three responsive, multilingual websites for hospitality businesses, built with React, Redux, and Bootstrap. Each features a dynamic menu managed via an admin panel, with data stored on Supabase. Includes contact options (email/WhatsApp) for direct communication, ensuring a unique experience for both users and administrators.

WORK EXPERIENCES

FPCOMPUTER: — 2024-2025
- Front-End Developer: Built and maintained responsive web applications using React, Typescript, Redux, and Bootstrap, ensuring seamless user experiences.
- IT Technician / System Administrator: Provided hardware, software, and network support, handling troubleshooting, maintenance, and system optimization.

WILDWOOD RESTAURANT | BRISTOL — 2015
- Time Management and Problem Solving: Refined time management and problem-solving abilities by overseeing operations and maintaining high standards under pressure.
- Language and Communication: Strengthened English proficiency through daily interactions in a professional environment, ensuring effective communication with both customers and staff.
